

CHI BENEFITS

Summary of Benefits Coverage

Integrated Basic – Blue Cross Blue Shield of Illinois

Effective January 1, 2015

The following is an overview of your Catholic Health Initiatives **Integrated Basic** medical plan option for 2015. If approved, you may be eligible for the Health Care Assistance Program. For details about how the Health Care Assistance Program works with the Integrated Basic medical plan option, log on to Inside CHI at <http://home.catholichealth.net>.

The Accountable Care Act (also known as Health Care Reform) requires employers to provide the enclosed summary of medical benefits for all of the medical plan options available. You do not need to take action. Carefully review the following summary of benefits coverage and file it away for future reference. If you have questions or would like additional detail about the medical plan, refer to your Summary Plan Description (SPD).

Important Questions	Answers	Why this Matters:
What is the overall <u>deductible</u> ?	<p>Clinically Integrated Network \$2,000 Individual / \$4,000 Family</p> <p>BC/BS Network \$2,000 Individual / \$4,000 Family</p> <p>Out-of-network \$4,000 Individual / \$8,000 Family</p> <p><u>Copayments</u>, preventive care, office visits, CHI facility charges and <u>prescription drugs</u> do not apply toward the <u>deductible</u>.</p>	You must pay all the costs up to the <u>deductible</u> amount before this plan begins to pay for covered services you use. Check your policy or plan document (Summary Plan Description) to see when the <u>deductible</u> starts over (usually January 1 st). See the chart starting on the next page for how much you pay for covered services after you meet the <u>deductible</u> .
Are there other <u>deductibles</u> for specific services?	No.	There are no other specific <u>deductibles</u> .
Is there an <u>out-of-pocket limit</u> on my expenses?	<p>Clinically Integrated Network and BC/BS Network combined \$4,000 Individual / \$8,000 Family</p> <p>Out-of-network \$12,000 Individual / \$24,000 Family</p>	The <u>out-of-pocket limit</u> is the most you could pay during a coverage period (usually one year) for your share of the cost of covered services. This limit helps you plan for health care expenses.
What is not included in the <u>out-of-pocket limit</u> ?	<u>Premiums</u> and penalties/ineligible charges.	Even though you pay these expenses, they don't count toward the <u>out-of-pocket limit</u> .
Is there an overall annual limit on what the plan pays?	No.	The chart starting on the next page describes any limits on what the plan will pay for specific covered services, such as office visits.
Does this plan use a <u>network of providers</u> ?	Yes. For a list of network <u>providers</u> , go to www.bcbsil.com/chi or call 1-866-776-4244. CHI Memorial employees in Chattanooga use the S network (BC/BS of TN network).	If you use an in-network <u>provider</u> , this plan will pay some or all of the costs of covered services. Be aware, your in-network doctor or hospital may use an out-of-network <u>provider</u> for some services. See the chart on the next page for how this plan pays different kinds of <u>providers</u> .
Do I need a referral to see a <u>specialist</u> ?	No.	You can see the <u>specialist</u> you choose without permission from this plan.
Are there services this plan doesn't cover?	Yes.	Some of the services this plan doesn't cover are listed later in this document. See your plan document (Summary Plan Description) for details about <u>excluded services</u> .

Summary of Benefits and Coverage: What this Plan Covers & What it Costs

Coverage for: All Coverage Tiers | Plan Type: PPO

- **Copayments** are fixed dollar amounts (for example, \$10) you pay for covered health care, usually when you receive the service.
- **Coinsurance** is *your* share of the costs of a covered service, calculated as a percent of the **allowed amount** for the service. For example, if the plan's **allowed amount** for an overnight hospital stay is \$1,000, your **coinsurance** payment of 20% would be \$200. This may change if you haven't met your **deductible**.
- The amount the plan pays for covered services is based on the **allowed amount**. If an out-of-network **provider** charges more than the **allowed amount**, you may have to pay the difference. For example, if an out-of-network hospital charges \$1,500 for an overnight stay and the **allowed amount** is \$1,000, you may have to pay the \$500 difference. (This is called **balance billing**.)
- This plan may encourage you to use Blue Cross Blue Shield of Illinois **providers** by charging you lower **deductibles**, **copayments** and **coinsurance** amounts. Note: CHI Memorial employees in Chattanooga use the S network (BC/BS of TN network).

Your Rights to Continue Coverage:

If you lose coverage under the plan, then, depending upon the circumstances, federal and state laws may provide protections that allow you to keep health coverage. Any such rights may be limited in duration and will require you to pay a premium which may be significantly higher than the premium you pay while covered under the plan. Other limitations on your rights to continue coverage may apply. For more information on your rights to continue coverage, contact HR/Payroll Connection at 1-888-450-9450. You may also contact your state insurance department, the U.S. Department of Labor, Employee Benefits Security Administration at 1-866-444-3272 or visit www.dol.gov/ebsa, or the U.S. Department of Health and Human Services at 1-877-267-2323 ext. 61565 or visit www.cciio.cms.gov.

Does this Coverage Provide Minimum Essential Coverage?

The Affordable Care Act requires most people to have health care coverage that qualifies as “minimum essential coverage.” **This plan or policy does provide minimum essential coverage.**

Does this Coverage Meet the Minimum Value Standard?

The Affordable Care Act establishes a minimum value standard of benefits of a health plan. The minimum value standard is 60% (actuarial value). **This health coverage does meet the minimum value standard for the benefits it provides.**

Your Grievance and Appeals Rights:

If you have a complaint or are dissatisfied with a denial of coverage for claims under your plan, you may be able to appeal or file a grievance. For questions about your rights, this notice, or assistance, you can contact Blue Cross Blue Shield at 1-866-776-4244 or Caremark (for prescription) at 1-877-232-7925 or Department of Labor's Employee Benefits Security Administration 1-866-444-3272 or www.dol.gov/ebsa/healthreform.

About these Coverage Examples:

These examples show how this plan might cover medical care in given situations. Use these examples to see, in general, how much financial protection a sample patient might get if they are covered under different plans.

This is not a cost estimator.

Don't use these examples to estimate your actual costs under this plan. The actual care you receive will be different from these examples, and the cost of that care will also be different.

See the next page for important information about these examples.

Questions and answers about the Coverage Examples:

What are some of the assumptions behind the Coverage Examples?

- Costs don't include **premiums**.
- Sample care costs are based on national averages supplied by the U.S. Department of Health and Human Services, and aren't specific to a particular geographic area or health plan.
- The patient's condition was not an excluded or preexisting condition.
- All services and treatments started and ended in the same coverage period.
- There are no other medical expenses for any member covered under this plan.
- Out-of-pocket expenses are based only on treating the condition in the example.
- The patient received all care from in-network **providers**. If the patient had received care from out-of-network **providers**, costs would have been higher.

What does a Coverage Example show?

For each treatment situation, the Coverage Example helps you see how **deductibles**, **copayments**, and **coinsurance** can add up. It also helps you see what expenses might be left up to you to pay because the service or treatment isn't covered or payment is limited.

Does the Coverage Example predict my own care needs?

✗ **No.** Treatments shown are just examples. The care you would receive for this condition could be different based on your doctor's advice, your age, how serious your condition is, and many other factors.

Does the Coverage Example predict my future expenses?

✗ **No.** Coverage Examples are **not** cost estimators. You can't use the examples to estimate costs for an actual condition. They are for comparative purposes only. Your own costs will be different depending on the care you receive, the prices your **providers** charge, and the reimbursement your health plan allows.

Can I use Coverage Examples to compare plans?

✓ **Yes.** When you look at the Summary of Benefits and Coverage for other plans, you'll find the same Coverage Examples. When you compare plans, check the "Patient Pays" box in each example. The smaller that number, the more coverage the plan provides.

Are there other costs I should consider when comparing plans?

✓ **Yes.** An important cost is the **premium** you pay. Generally, the lower your **premium**, the more you'll pay in out-of-pocket costs, such as **copayments**, **deductibles**, and **coinsurance**. You should also consider contributions to accounts such as health savings accounts (HSAs), flexible spending arrangements (FSAs) or health reimbursement accounts (HRAs) that help you pay out-of-pocket expenses.
