

Supplement to Annual Funding Notice
of State Farm Insurance Companies Retirement Plan for United States Employees
(Plan) for
Plan Year Beginning January 1, 2023 and Ending December 31, 2023 (Plan Year)

This is a supplement to your annual funding notice. Over the years federal laws have changed how pension plans calculate their liabilities. Prior to 2012, pension plans determined their liabilities using a two-year average of interest rates. Now pension plans also must take into account a 25-year average of interest rates. This means that interest rates likely will be higher and plan liabilities lower than they were under prior law. As a result, your employer may contribute less money to the plan at a time when market interest rates are at or near historical lows.

The purpose of this supplement is to show you the effect these changes have had on the Plan's funding status.

The "Information Table" compares the impact of using interest rates based on the 25-year average (the "adjusted interest rates") and interest rates based on a two-year average on the Plan's: (1) Funding Target Attainment Percentage, (2) Funding Shortfall, and (3) Minimum Required Contribution. The funding target attainment percentage is a measure of how well the plan is funded on a particular date. The funding shortfall is the amount by which liabilities exceed net plan assets. The minimum required contribution is the amount of money an employer is required by law to contribute to a plan in a given year. The following table shows this information determined with and without the adjusted interest rates. The information is provided for the Plan Year and for each of the two preceding plan years, if applicable.

Information Table

	Plan Year Beginning in 2023		Plan Year Beginning in 2022		Plan Year Beginning in 2021	
	With Adjusted Interest Rates	Without Adjusted Interest Rates	With Adjusted Interest Rates	Without Adjusted Interest Rates	With Adjusted Interest Rates	Without Adjusted Interest Rates
Funding Target Attainment Percentage	100.00%	100.00%	100.00%	100.00%	100.00%	100.00%
Funding Shortfall	\$0	\$0	\$0	\$0	\$0	\$0
Minimum Required Contribution	\$0	\$0	\$0	\$0	\$0	\$0

Additional Information

If you are receiving monthly payment, you (or another person) MUST NOTIFY the State Farm Benefits Center (phone 866-935-4015) to report the death of you, your spouse, or a designated beneficiary. Failure to report a death to the State Farm Benefits Center in a timely manner may cause an overpayment of benefits that you or the estate will be responsible for repaying.

You may receive important information about your benefit from the State Farm Insurance Companies Retirement Plan for US Employees electronically in the future. To ensure receipt of Plan communications you must ensure that your personal information is kept up to date (current address, personal email

address, phone numbers, delivery preference, etc.) by accessing the *My Profile* link (Person Icon) at the top right corner on the State Farm Benefits Resource website at www.statefarmbenefits.com.

As a reminder, the Plan provides a survivor benefit in the event you die prior to retirement. If you are married, your spouse is automatically your beneficiary. If you are not married, you must designate a beneficiary. In either situation, we recommend you designate a primary or contingent beneficiary. To keep this information current, periodically review and update your beneficiary information by accessing the *My Profile* link (Person Icon) at the top right corner on the State Farm Benefits Resource website at www.statefarmbenefits.com.

Annual Funding Notice
For
State Farm Insurance Companies Retirement Plan for United States Employees

Introduction

This notice includes important information about the funding status of your single-employer pension plan (the “Plan”). It also includes general information about the benefit payments guaranteed by the Pension Benefit Guaranty Corporation (“PBGC”), a federal insurance agency. All traditional pension plans (called “defined benefit pension plans”) must provide this notice every year regardless of their funding status. This notice does not mean that the Plan is terminating. It is provided for informational purposes and you are not required to respond in any way. This notice is required by federal law. This notice is for the plan year beginning January 1, 2023 and ending December 31, 2023 (“Plan Year”).

How Well Funded Is Your Plan

The law requires the administrator of the Plan to tell you how well the Plan is funded, using a measure called the “funding target attainment percentage.” The Plan divides its Net Plan Assets by Plan Liabilities to get this percentage. In general, the higher the percentage, the better funded the plan. The Plan’s Funding Target Attainment Percentage for the Plan Year and each of the two preceding plan years is shown in the chart below. The chart also shows you how the percentage was calculated.

Funding Target Attainment Percentage

	Plan Year Beginning in 2023	Plan Year Beginning in 2022	Plan Year Beginning in 2021
1. Valuation Date	January 1, 2023	January 1, 2022	January 1, 2021
2. Plan Assets			
a. Total Plan Assets	\$34,539,633,972	\$33,446,213,196	\$29,459,062,208
b. Funding Standard Carryover Balance	\$4,094,523,105	\$4,535,360,107	\$3,864,814,748
c. Prefunding Balance	\$0	\$0	\$0
d. Net Plan Assets (a) – (b) – (c) = (d)	\$30,445,110,867	\$28,910,853,089	\$25,594,247,460
3. Plan Liabilities	\$21,687,906,898	\$20,469,725,849	\$20,871,543,593
4. Funding Target Attainment Percentage (2d)/(3)	100.00%	100.00%	100.00%

Plan Assets and Credit Balances

The chart above shows certain “credit balances” called the Funding Standard Carryover Balance and Prefunding Balance. A plan might have a credit balance, for example, if in a prior year an employer contributed money to the plan above the minimum level required by law. Generally, an employer may credit the excess money toward the minimum level of contributions required by law that it must make in future years. Plans must subtract these credit balances from Total Plan Assets to calculate their Funding Target Attainment Percentage.

Plan Liabilities

Plan Liabilities in line 3 of the chart above is an estimate of the amount of assets the Plan needs on the Valuation Date to pay for promised benefits under the plan.

Year-End Assets and Liabilities

The asset values in the chart above are measured as of the first day of the Plan Year. They also are “actuarial values.” Actuarial values differ from market values in that they do not fluctuate daily based on changes in the stock or other markets. Actuarial values smooth out those fluctuations and can allow for more predictable levels of future contributions. Despite the fluctuations, market values tend to show a clearer picture of a plan’s funded status at a given point in time. As of December 31, 2023, the fair market value of the Plan’s assets was \$35,241,748,383. On this same date, the Plan’s liabilities, determined using market rates, were \$22,742,440,558.

Participant Information

The total number of participants and beneficiaries covered by the Plan on the Valuation Date was 116,786. Of this number, 45,001 were current employees, 45,892 were retired and receiving benefits, and 25,893 were retired or no longer working for the employer and have a right to future benefits.

Funding & Investment Policies

Every pension plan must have a procedure to establish a funding policy for plan objectives. A funding policy relates to how much money is needed to pay promised benefits. The funding policy of the Plan is to make contributions in such amounts and at such times as determined by the Company. However, contributions shall be sufficient to enable the Plan to satisfy the minimum funding standards of Internal Revenue Code Section 412.

Pension plans also have investment policies. These generally are written guidelines or general instructions for making investment management decisions. The investment objective for the Plan is to realize, over a period of years, a portfolio total return greater than that afforded by fixed-income securities from an investment portfolio that is positioned to meet future disbursement requirements utilizing sound investment practices. As a general policy, the Plan assets will be invested in a balanced mix of stocks and bonds. More than half will usually be committed to a well-diversified selection of equity-type investments with the rest in good quality fixed-income holdings. Up to 5% of the Plan assets may be held in highly liquid short-term investments maturing within 12 months. The short-term investments serve as a pool of liquidity.

Under the investment policy, the Plan’s assets were allocated among the following categories of investments, as of the end of the Plan Year. These allocations are percentages of total assets:

Asset Allocations	Percentage
1. Cash (interest-bearing and non-interest bearing)	0%
2. U.S. Government Securities	7.9%
3. Corporate Debt Instruments (other than employer securities):	
Preferred	11.1%
All Other	6.8%
4. Corporate Stocks (other than employer securities):	
Preferred	0%
Common	68.3%
5. Partnership/Joint Venture Interests	0%
6. Real Estate (other than employer real property)	0%
7. Loans (other than to participants)	0%
8. Participant Loans	0%

Asset Allocations	Percentage
9. Value of Interest in Common/Collective Trusts	0%
10. Value of Interest in Pooled Separate Accounts	0%
11. Value of Interest in Master Trust Investment Accounts	0%
12. Value of Interest in 103–12 Investment Entities	0%
13. Value of Interest in Registered Investment Companies (e.g., mutual funds)	3.4%
14. Value of Funds Held in insurance co. General account (unallocated contracts)	0%
15. Employer-Related Investments:	
Employer Securities	0%
Employer Real Property	0%
16. Buildings and Other Property Used in Plan Operation	0%
17. Other	2.5%

Events Having a Material Effect on Assets or Liabilities

By law this notice must contain a written explanation of new events that have a material effect on plan liabilities or assets. This is because such events can significantly impact the funding condition of a plan. For the plan year beginning on January 1, 2024 and ending on December 31, 2024, there are no events that are expected to have such an effect. Economic and societal events that may occur after January 1, 2024 that could impact the funded status are not considered for this purpose.

Right to Request a Copy of the Annual Report

Pension plans must file annual reports with the US Department of Labor. The report is called the “Form 5500.” These reports contain financial and other information. You may obtain an electronic copy of your Plan’s annual report by going to www.efast.dol.gov and using the search tool. Annual reports also are available from the US Department of Labor, Employee Benefits Security Administration’s Public Disclosure Room at 200 Constitution Avenue, NW, Room N-1515, Washington, DC 20210, or by calling 202.693.8673. Or you may obtain a copy of the Plan’s annual report by making a written request to the plan administrator. An electronic copy of the report may also be obtained online at www.statefarmbenefits.com. Annual reports do not contain personal information, such as the amount of your accrued benefits. You may contact your plan administrator if you want information about your accrued benefits. Your plan administrator is identified below under “Where to Get More Information.”

Summary of Rules Governing Termination of Single-Employer Plans

If a plan terminates, there are specific termination rules that must be followed under federal law. A summary of these rules follows.

There are two ways an employer can terminate its pension plan. First, the employer can end a plan in a “standard termination” but only after showing the PBGC that such plan has enough money to pay all benefits owed to participants. Under a standard termination, a plan must either purchase an annuity from an insurance company (which will provide you with periodic retirement benefits, such as monthly, for life or for a set period of time when you retire) or, if the plan allows, issue one lump-sum payment that covers your entire benefit. Your plan administrator must give you advance notice that identifies the insurance company (or companies) selected to provide the annuity. The PBGC’s guarantee ends upon the purchase of an annuity or payment of the lump-sum. If the plan purchases an annuity for you from an insurance company and that company becomes unable to pay, the applicable state guaranty association guarantees the annuity to the extent authorized by that state’s law.

Second, if the plan is not fully-funded, the employer may apply for a distress termination. To do so, however, the employer must be in financial distress and prove to a bankruptcy court or to the PBGC that the employer cannot remain in business unless the plan is terminated. If the application is granted, the

PBGC will take over the plan as trustee and pay plan benefits, up to the legal limits, using plan assets and PBGC guarantee funds.

Under certain circumstances, the PBGC may take action on its own to end a pension plan. Most terminations initiated by the PBGC occur when the PBGC determines that plan termination is needed to protect the interests of plan participants or of the PBGC insurance program. The PBGC can do so if, for example, a plan does not have enough money to pay benefits currently due.

Benefit Payments Guaranteed by the PBGC

When the PBGC takes over a plan, it pays pension benefits through its insurance program. Only benefits that you have earned a right to receive and that cannot be forfeited (called vested benefits) are guaranteed. Most participants and beneficiaries receive all of the pension benefits they would have received under their plan, but some people may lose certain benefits that are not guaranteed.

The amount of benefits that PBGC guarantees is determined as of the plan termination date. However, if a plan terminates during a plan sponsor's bankruptcy, then the amount guaranteed is determined as of the date the sponsor entered bankruptcy.

The PBGC maximum benefit guarantee is set by law and is updated each calendar year. For a plan with a termination date or sponsor bankruptcy date, as applicable in 2024, the maximum guarantee is \$7,107.95 per month, or \$85,295.40 per year, for a benefit paid to a 65-year-old retiree with no survivor benefit. If a plan terminates during a plan sponsor's bankruptcy, the maximum guarantee is fixed as of the calendar year in which the sponsor entered bankruptcy. The maximum guarantee is lower for an individual who begins receiving benefits from PBGC before age 65 reflecting the fact that younger retirees are expected to receive more monthly pension checks over their lifetimes. Similarly, the maximum guarantee is higher for an individual who starts receiving benefits from PBGC after age 65. The maximum guarantee by age can be found on PBGC's website, www.pbgc.gov. The guaranteed amount is also reduced if a benefit will be provided to a survivor of the plan participant.

The PBGC guarantees "basic benefits" earned before a plan is terminated, which include:

- Pension benefits at normal retirement age;
- Most early retirement benefits;
- Annuity benefits for survivors of plan participants; and
- Disability benefits for a disability that occurred before the date the plan terminated or the date the sponsor entered bankruptcy, as applicable.

The PBGC does not guarantee certain types of benefits:

- The PBGC does not guarantee benefits for which you do not have a vested right, usually because you have not worked enough years for the company.
- The PBGC does not guarantee benefits for which you have not met all age, service, or other requirements.
- Benefit increases and new benefits that have been in place for less than one year are not guaranteed. Those that have been in place for less than five years are only partly guaranteed.
- Early retirement payments that are greater than payments at normal retirement age may not be guaranteed. For example, a supplemental benefit that stops when you become eligible for Social Security may not be guaranteed.
- Benefits other than pension benefits, such as health insurance, life insurance, death benefits, vacation pay, or severance pay, are not guaranteed.
- The PBGC generally does not pay lump sums exceeding \$5,000.

In some circumstances, participants and beneficiaries still may receive some benefits that are not guaranteed. This depends on how much money the terminated plan has and how much the PBGC recovers from employers for plan underfunding.

For additional general information about the PBGC and the pension insurance program guarantees, go to the "General FAQs about PBGC" on PBGC's website at www.pbgc.gov/general_faqs. Please contact your employer or plan administrator for specific information about your pension plan or pension benefit. PBGC does not have that information. See "Where to Get More Information," below.

Where to Get More Information

For more information about this notice, you may contact State Farm Benefits Center, at 866-935-4015; or online at www.statefarmbenefits.com. For identification purposes, the official plan number is 001 and the plan sponsor's name and employer identification number or "EIN" are State Farm Mutual Automotive Insurance Companies and 37-0533100.

Disclosure Statement and Disclaimer

This notice is intended to comply with the requirements of section 101(f) of the Employee Retirement Income Security Act of 1974, as amended. The disclosures provided in this notice are based on information available and believed to be accurate as of the date this notice is provided. All computations reflected in these disclosures have been performed based on a good faith interpretation of the applicable statutory and regulatory guidance in effect on the date this notice is provided. Such information and computations include, but are not limited to, the measurement of plan liabilities, reported values of plan assets, and allocation of assets. However, actual results for the Plan Year may change and will not be considered final until filed with the Department of Labor as part of the Annual Report (i.e., the Form 5500). Subsequently, such results will change only by amendment of the Annual Report for the Plan Year. See the Right to Request a Copy of the Annual Report section for information about how to obtain a copy of the Annual Report. The plan sponsor does not undertake any obligation to update or publicly release any revisions to this notice, and no such revisions will be issued, to reflect any changes, including but not limited to, changes in the manner in which particular calculations are performed, changes in expectations, the adoption of plan amendments or any other events or circumstances occurring after this notice is provided.
