

**Sutter Health Retirement Plan  
Federal Reporting Requirements  
Annual Funding Notice  
April 26, 2024**

Dear Sutter Health Retirement Plan Participant:

Federal law requires that all employers who sponsor pension plans provide information to plan participants via an Annual Funding Notice (the "Notice"). To ensure continued compliance with this requirement, we are providing the attached Notice for the Sutter Health Retirement Plan (the "Plan") for the 2023 plan year. You do not need to do anything with the Notice. It is provided for informational purposes only.

You may observe that page one of the Notice is a temporary supplement. The purpose of the temporary supplement is to demonstrate how several federal laws changed the method used by pension plans to calculate the plan's liabilities and to show you the effect of these changes. This is for informational purposes only and Sutter Health has made all required contributions to the Plan.

Sutter Health has made it a priority to ensure the Plan is well-funded so you can be confident your benefits will be available to you when you retire. As of December 31, 2023, the Plan's assets were approximately \$5.5 billion, which exceeded liabilities of \$5.1 billion.

To make sure you receive your benefits and any communications pertaining to the Plan, it is critical that you keep your contact information current. If you move after you terminate employment, please update your contact information through our self-service Sutter Health Pension Center website at [digital.alight.com/sutterhealth](https://digital.alight.com/sutterhealth) or by calling the Sutter Health Pension Service Center at 833.407.2687. You must keep us informed of any changes to the following information:

- Your name and address
- Your beneficiary's name and address
- Any beneficiary designation changes (applicable to unmarried participants in the Cash Balance Design)
- Any other contact information such as your telephone number and email address

Keeping this information up to date will ensure that you (or your beneficiary) receive your benefit payments as well as any important plan communications without delay.

Lastly, you will see information in the attached Notice that discusses *plan termination* and the Pension Benefit Guaranty Corporation (PBGC). We are required to include this information in the Notice because federal law allows pension plans to be terminated under certain circumstances and appropriate disclosures must be included. As mentioned above, Sutter Health is committed to providing retirement benefits to employees and keeping your retirement fund healthy and strong. We want to assure you that Sutter Health has no intention of terminating its pension plan, and again, this information is a disclosure requirement only.

Please review the attached Notice and if you have any questions about your retirement benefits, please contact the Sutter Health Pension Service Center at 833.407.2687.

You have the right to request and obtain a paper version of a pension benefit statement detailing your current accrued benefit every 12 months. For more information about your plan benefit, to request an estimate of your current accrued benefit or to request an estimate of your benefit projected to a future date contact the Sutter Health Pension Service Center, Dept. 04546, PO Box 1590, Lincolnshire, IL 60069-1590, or via telephone at 833.407.2687.

Sincerely,

Vicki Flemming  
Director, Retirement  
Sutter Health

**Supplement to Annual Funding Notice  
of the Sutter Health Retirement Plan for  
Plan Year beginning January 1, 2023 and ending December 31, 2023 (“Plan Year”)**

This is a temporary supplement to your annual funding notice. It is required by the Moving Ahead for Progress in the 21st Century Act (MAP-21), the Highway and Transportation Funding Act of 2014 (HATFA), the Bipartisan Budget Act of 2015 (BBA15) and the American Rescue Plan Act of 2021 (ARPA). These federal laws changed how pension plans calculate their liabilities. The purpose of this supplement is to show you the effect of these changes. Prior to 2012, pension plans determined their liabilities using a two-year average of interest rates. Now pension plans also must take into account a 25-year average of interest rates. This means that interest rates likely will be higher and plan liabilities lower than they were under prior law. As a result, your employer may contribute less money to the plan at a time when market interest rates are at or near historical lows.

The “Information Table” compares the effect of using interest rates based on the 25-year average (the “adjusted interest rates”) and interest rates based on a two-year average on the Plan’s: (1) Funding Target Attainment Percentage, (2) Funding Shortfall, and (3) Minimum Required Contribution. The funding target attainment percentage of a plan is a measure of how well the plan is funded on a particular date. The funding shortfall is the amount by which liabilities exceed net plan assets. The minimum required contribution is the amount of money an employer is required by law to contribute to a plan for a given year. The following table shows this information determined with and without the adjusted interest rates. The information is provided for the Plan Year and for each of the two preceding plan years, if applicable.

All monetary amounts shown in US Dollars

<b>INFORMATION TABLE</b>						
	<b>2023</b>		<b>2022</b>		<b>2021</b>	
	<b>With Adjusted Interest Rates</b>	<b>Without Adjusted Interest Rates</b>	<b>With Adjusted Interest Rates</b>	<b>Without Adjusted Interest Rates</b>	<b>With Adjusted Interest Rates</b>	<b>Without Adjusted Interest Rates</b>
Funding Target Attainment Percentage	109.87%	92.47%	137.43%	102.90%	143.09%	107.25%
Funding Shortfall	\$0	\$400,870,573	\$0	\$0	\$0	\$0
Minimum Required Contribution	\$0	\$314,379,148	\$0	\$143,743,284	\$0	\$0

ANNUAL FUNDING NOTICE  
For  
**The Sutter Health Retirement Plan**

Introduction

This notice includes important information about the funding status of your single employer pension plan (“the Plan”). It also includes general information about the benefit payments guaranteed by the Pension Benefit Guaranty Corporation (“PBGC”), a federal insurance agency. All traditional pension plans (called “defined benefit pension plans”) must provide this notice every year regardless of their funding status. This notice does not mean that the Plan is terminating. It is provided for informational purposes and you are not required to respond in any way. This notice is required by federal law. This notice is for the plan year beginning January 1, 2023 and ending December 31, 2023 (“Plan Year”).

How Well Funded Is Your Plan

The law requires the administrator of the Plan to tell you how well the Plan is funded, using a measure called the “funding target attainment percentage.” The Plan divides its Net Plan Assets by Plan Liabilities to get this percentage. In general, the higher the percentage, the better funded the plan. The Plan’s Funding Target Attainment Percentage for the Plan Year and each of the two preceding plan years is shown in the chart below. The chart also shows you how the percentage was calculated.

All monetary amounts shown in US Dollars

<b>Funding Target Attainment Percentage</b>			
	2023	2022	2021
1. Valuation Date	January 1, 2023	January 1, 2022	January 1, 2021
2. Total Plan Assets	\$5,302,459,845	\$6,205,489,655	\$5,680,253,616
3. Credit Balance			
a. Funding Standard Carryover Balance	\$0	\$0	\$0
b. Prefunding Balance	\$379,582,006	\$419,288,640	\$366,031,113
4. Net Plan Assets = (2) – (3.a) – (3.b) = 4	\$4,922,877,839	\$5,786,201,015	\$5,314,222,503
5. Plan Liabilities	\$4,480,478,785	\$4,210,162,847	\$3,713,895,317
6. Funding Target Attainment Percentage = (4)/(5)	At least 100%	At least 100%	At least 100%

Plan Assets and Credit Balances

The chart above shows certain “credit balances” called the Funding Standard Carryover Balance and Prefunding Balance. A plan might have a credit balance, for example, if in a prior year an employer contributed money to the plan above the minimum level required by law. Generally, an employer may credit the excess money toward the minimum level of contributions required by law that it must make in future years. Plans must subtract these credit balances from Total Plan Assets to calculate their Funding Target Attainment Percentage.

### Plan Liabilities

Plan Liabilities in line 5 of the chart above are estimates of the amount of assets the Plan needs on the Valuation Date to pay for promised benefits under the plan.

### Year-End Assets and Liabilities

The asset values in the chart above are measured as of the first day of the Plan Year. As of December 31, 2023, the fair market value of the Plan's assets was \$5,473,775,435. On this same date, the Plan's liabilities, determined using market rates, were \$5,071,011,806.

### Participant Information

The total number of participants and beneficiaries covered by the Plan on the Valuation Date was 60,900. Of this number, 34,955 were current employees, 9,719 were retired and receiving benefits, and 16,226 were no longer working for the employer and have a right to future benefits.

### Funding & Investment Policies

Every pension plan must have a procedure to establish a funding policy for plan objectives. A funding policy relates to how much money is needed to pay promised benefits. The funding policy of the Plan is set by the Retirement Benefits Investment Committee. The funding policy is to contribute an amount at least equal to the minimum required contribution less any credit balances as prescribed under ERISA. Sutter Health may increase its contribution above this amount, if appropriate, to improve the plan's funded status.

Pension plans also have investment policies. These generally are written guidelines or general instructions for making investment management decisions. The investment policy of the Plan is to obtain the optimum rate of investment return possible on the total investment portfolio consistent with the assumption of a prudent level of risk. The safety and protection of principal is a primary concern and a diversified investment portfolio is intended to result in the highest attainable investment return (income plus capital appreciation) over a time horizon consistent with the plan's projected liability stream. Specific investment objectives for the Plan are:

- Maintain and enhance purchasing power of the Plan's assets.
- Investment returns should be consistent with the level of risk being taken.
- Earn rates of return in accordance with the "Asset Class Performance Standards" defined by the Retirement Benefits Investment Committee.

Under the investment policy, the Plan's assets were allocated among the following categories of investments as of the end of the Plan Year. These allocations are percentages of total assets:

<b>Asset Allocations</b>	<b>Percentage</b>
1. Stocks	43.4%
2. Investment grade debt instruments	9.4%
3. High-yield debt instruments	1.0%
4. Real estate	13.6%
5. Other	<u>32.6%</u>
6. Total	100%

### Right to Request a Copy of the Annual Report

Pension plans must file annual reports with the US Department of Labor. The report is called the "Form 5500." These reports contain financial and other information. You may obtain an electronic copy of your Plan's annual report by going to [www.efast.dol.gov](http://www.efast.dol.gov) and using the search tool. Annual reports also are available from the US Department of Labor, Employee Benefits Security Administration's Public Disclosure Room at 200 Constitution Avenue, NW, Room N-1515, Washington, DC 20210, or by calling 202.693.8673. Or you may obtain a copy of the Plan's annual report by making a written request to the plan administrator. The Plan's annual report or Actuarial Report (Form SB) of the annual report also may be obtained through the Sutter Health Retirement Plan's Pension Service Center website at [digital.alight.com/sutterhealth](http://digital.alight.com/sutterhealth). Annual reports do not contain personal information, such as the amount of your accrued benefits. You may contact your plan administrator if you want information about your accrued benefits. Your plan administrator is identified below under "Where To Get More Information."

### Summary of Rules Governing Termination of Single-Employer Plans

Sutter Health is committed to providing retirement benefits and has no intention to terminate its pension plan. However, we are required to tell you that federal law does allow employers to end a pension plan through a process called "plan termination." If a plan terminates, there are specific termination rules that must be followed under federal law. A summary of these rules follows.

There are two ways an employer can terminate its pension plan. First, the employer can end a plan in a "standard termination" but only after showing the PBGC that such plan has enough money to pay all benefits owed to participants. Under a standard termination, a plan must either purchase an annuity from an insurance company (which will provide you with periodic retirement benefits, such as monthly for life or, if you elect, for a set period of time when you retire) or, if the plan allows and you elect, issue one lump-sum payment that covers your entire benefit. Your plan administrator must give you advance notice that identifies the insurance company (or companies) selected to provide the annuity. The PBGC's guarantee ends upon the purchase of an annuity or payment of the lump-sum. If the plan purchases an annuity for you from an insurance company and that company becomes unable to pay, the applicable state guaranty association guarantees the annuity to the extent authorized by that state's law.

Second, if the plan is not fully-funded, the employer may apply for a distress termination. To do so, however, the employer must be in financial distress and prove to a bankruptcy court or to

the PBGC that the employer cannot remain in business unless the plan is terminated. If the application is granted, the PBGC will take over the plan as trustee and pay plan benefits, up to the legal limits, using plan assets and PBGC guarantee funds.

Under certain circumstances, the PBGC may take action on its own to end a pension plan. Most terminations initiated by the PBGC occur when the PBGC determines that plan termination is needed to protect the interests of plan participants or of the PBGC insurance program. The PBGC can do so if, for example, a plan does not have enough money to pay benefits currently due.

### Benefit Payments Guaranteed by the PBGC

When the PBGC takes over a plan, it pays pension benefits through its insurance program. Only benefits that you have earned a right to receive and that cannot be forfeited (called vested benefits) are guaranteed. Most participants and beneficiaries receive all of the pension benefits they would have received under their plan, but some people may lose certain benefits that are not guaranteed.

The amount of benefits that PBGC guarantees is determined as of the plan termination date. However, if a plan terminates during a plan sponsor's bankruptcy, then the amount guaranteed is determined as of the date the sponsor entered bankruptcy.

The PBGC maximum benefit guarantee is set by law and is updated each calendar year. For a plan with a termination date or sponsor bankruptcy date, as applicable, in 2024 the maximum guarantee is \$7,108 per month, or \$85,295 per year, for a benefit paid to a 65-year-old retiree with no survivor benefit. If a plan terminates during a plan sponsor's bankruptcy, the maximum guarantee is fixed as of the calendar year in which the sponsor entered bankruptcy. The maximum guarantee is lower for an individual who begins receiving benefits from PBGC before age 65 reflecting the fact that younger retirees are expected to receive more monthly pension checks over their lifetimes. Similarly, the maximum guarantee is higher for an individual who starts receiving benefits from PBGC after age 65. The maximum guarantee by age can be found on PBGC's website, [www.pbqc.gov](http://www.pbqc.gov). The guaranteed amount is also reduced if a benefit will be provided to a survivor of the plan participant.

The PBGC guarantees "basic benefits" earned before a plan is terminated, which include:

- Pension benefits at normal retirement age;
- Most early retirement benefits;
- Annuity benefits for survivors of plan participants; and
- Disability benefits for a disability that occurred before the date the plan terminated or the date the sponsor entered bankruptcy, as applicable.

The PBGC does not guarantee certain types of benefits:

- The PBGC does not guarantee benefits for which you do not have a vested right, usually because you have not worked enough years for the company.
- The PBGC does not guarantee benefits for which you have not met all age, service, or other requirements.
- Benefit increases and new benefits that have been in place for less than one year are not guaranteed. Those that have been in place for less than five years are only partly guaranteed.

- Early retirement payments that are greater than payments at normal retirement age may not be guaranteed. For example, a supplemental benefit that stops when you become eligible for Social Security may not be guaranteed.
- Benefits other than pension benefits, such as health insurance, life insurance, death benefits, vacation pay, or severance pay, are not guaranteed.
- The PBGC generally does not pay lump sums exceeding \$7,000. Cash Balance participants would receive their PBGC guaranteed benefits as a monthly annuity.

In some circumstances, participants and beneficiaries still may receive some benefits that are not guaranteed. This depends on how much money the terminated plan has and how much the PBGC recovers from employers for plan underfunding.

For additional general information about the PBGC and the pension insurance program guarantees, go to the "General FAQs about PBGC" on PBGC's website at [www.pbqc.gov/generalfaqs](http://www.pbqc.gov/generalfaqs). Please contact your employer or plan administrator for specific information about your pension plan or pension benefit. PBGC does not have that information. See "Where to Get More Information" below.

#### Where to Get More Information

For more information about this notice, you may contact the Sutter Health Pension Service Center, Dept. 04546, PO Box 1590, Lincolnshire, IL 60069-1590, or via telephone at 833.407.2687. For identification purposes, the official plan number is 333 and the plan sponsor's name and employer identification number or "EIN" are Sutter Health and 94-2788907.

#### Right to Request a Statement of Accrued Benefit

You have the right to request and obtain a paper version of a pension benefit statement detailing your current accrued benefit every 12 months. For more information about your plan benefit, to request an estimate of your current accrued benefit or to request an estimate of your benefit projected to a future date contact the Sutter Health Pension Service Center, Dept. 04546, PO Box 1590, Lincolnshire, IL 60069-1590, or via telephone at 833.407.2687.
