## Goodyear 2024 Benefits Enrollment

It is time to choose your benefits.  
**Oct. 16–31, 2023**

### Benefits Geared Toward You

Your needs change from year to year. Your benefits needs may change, too. Annual Enrollment is your once-a-year opportunity, without a qualified change in status, to choose the benefits that are right for you and your family.

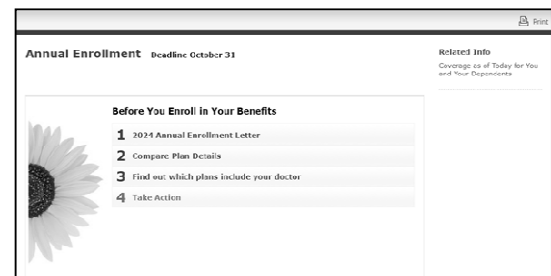

The Goodyear Self-Service Portal at [selfservice.goodyear.com](https://selfservice.goodyear.com) has everything you need to know—and do—to make your benefit decisions.

### Your Year-Round Home for Benefits

The Self-Service Portal is not just for enrolling once a year. Log on any time from any device with Internet access to check your coverage, use the tools and resources, and ask HR-related questions through the online chat feature. You can also reach the Goodyear Associate Service Center at **1-844-449-4772**.

### Logging on to the Self-Service Portal

- Log on to the Goodyear Self-Service Portal at [selfservice.goodyear.com](https://selfservice.goodyear.com) from any computer or mobile device with Internet access.
- Click on the **Annual Enrollment** tile to see which plans are available to you and your family for 2024.
- Update your personal information and beneficiaries.
- Use the helpful tools and resources available during enrollment to make your 2024 plan choices.
- Complete your enrollment.

### Remember, You Are in the Driver's Seat

At the end of the day, it's important to remember that Goodyear offers these benefits to you to make sure you have the coverage you need—when you need it—and to help you stay healthy. The Goodyear Self-Service Portal is available to help you choose and access your benefits more conveniently. Enroll from **Oct. 16–31, 2023**.

### Take Action During Enrollment!

If you do not make a benefit election this year, your current medical and dental elections will roll over to 2024. Please note that you will not be able to make any benefit changes during the year without a qualified change in status (e.g., moving or getting married).
