HELPFUL ENROLLMENT REMINDERS

Are you ready to enroll for 2024? Here are a few things to keep in mind before you make your choices:

1. If You Do Not Enroll:

- Your current medical and dental elections will roll over to 2024.
- You will not be able to make any benefit changes during the year without a qualified change in status (e.g., having a baby or getting married).

SOME THINGS THAT CANNOT BE CHANGED IF YOU DO NOT ENROLL

You will not be able to add NEW eligible dependents to your coverage even with a qualifying change in status, unless you complete 2024 enrollment. In other words, the dependents listed on your record (whether enrolled in coverage or not) will remain eligible, but you will not be able to add additional dependents.

2. Who Can You Cover?

You can cover yourself and your eligible dependents under the Goodyear health and benefit plans. An eligible dependent is:

- A husband or wife;
- A child under the age of 19, or under the age of 27 if a full-time student who lives with and depends on you for support; and/or
- A child over the age of 25 who is currently claimed as your dependent for federal income tax purposes who became mentally or physically incapable of self-support prior to age 19.

3. Covering a Spouse?

Spouses with access to other employer-sponsored coverage MUST take that other coverage. Goodyear coverage for your spouse will only pay secondary benefits if your spouse has access to medical coverage elsewhere.

YOUR MEDICAL AND PRESCRIPTION DRUG PLAN OPTIONS

We all have unique health and financial needs. That is why Goodyear offers different types of medical plans—so you can select the one that works best for you. Remember, the way your OptumRx prescription drug plan works depends on the type of plan you choose.

Plan designs offered vary by location. Check the Self-Service Portal at selfservice.goodyear.com starting Oct. 16, to learn exactly what benefits, plans and costs apply to you for 2024.

ANNUAL ENROLLMENT FOR 2024 IS OCT. 16–31, 2023.

TOOLS TO HELP YOU STAY IN CONTROL

Goodyear is committed to helping you choose—and use—your health plan. We want you to feel confident you and your family are in the best plan for your needs. That is why we are providing helpful decision-making tools and programs on the Self-Service Portal during enrollment.

By answering a few simple questions in the **Estimate Your Medical Expenses tool**, you will see which options best match your coverage and financial needs. Find this tool on the Self-Service Portal starting Oct. 16.

You can do side-by-side comparisons of the Goodyear medical plan options available to you by using the **Plan Comparison Tool** located on the Portal during enrollment.

HEALTHCARE: ANY TIME, FROM ANYWHERE!

Other supportive programs, like **LiveHealth Online** and the **NurseLine**, allow you to get medical care right when you need it. No appointments, no driving and no waiting at an urgent care center.

LiveHealth Online lets you talk face-to-face with a doctor via your mobile device or computer with a webcam. Download the **LiveHealth Online** app or go to **www.livehealthonline.com**.

NurseLine is a FREE 24-hour line available to you. Call **1-888-596-9473** to get your health questions answered.

DENTAL COVERAGE

Upon retirement, you may be eligible to participate in the Retiree Dental Plan.

If you opt out of coverage for you and your dependents, you may not be able to elect dental coverage in the future. You will only be able to elect coverage if you originally declined coverage due to having other dental coverage that has since ended. You must notify the Goodyear Associate Service Center within 31 days of losing that other dental coverage.

To learn more about specific dental plan options and monthly contributions, go to the Goodyear Self-Service Portal at **selfservice.goodyear.com**. You can also visit the Delta Dental website at **www.deltadentaloh.com** to learn more about your specific coverage options.

HEALTH INSURANCE MARKETPLACE

You may have other health insurance options available to you. For example, you may be eligible to buy an individual plan through the Health Insurance Marketplace (also known as Marketplace Healthcare Exchanges). The Marketplace is designed to help you find health insurance that meets your needs and fits your budget. By enrolling in coverage through the Marketplace, you may qualify for lower costs on your monthly premiums and lower out-of-pocket costs. Additionally, you may qualify for a 30-day special enrollment period for another group health plan for which you are eligible (such as a spouse's plan), even if that plan generally does not accept late enrollees.

For more information about the Marketplace, visit **healthcare.gov** or call **1-800-318-2596**.
