

Kimberly-Clark Corporation Pension Plan

April 2017

Dear Plan Participant:

Here is your Annual Funding Notice for the Kimberly-Clark Corporation Pension Plan as of December 31, 2016. Also, instructions are included for obtaining a pension estimate if you have not commenced your pension benefit.

Defined benefit pension plans guaranteed by the Pension Benefit Guaranty Corporation (PBGC), such as the Kimberly-Clark Corporation Pension Plan, must provide this notice to all pension plan participants on an annual basis. This notice is part of a federal requirement mandated under the Pension Protection Act of 2006 and is designed to help inform pension plan participants of the assets and overall financial status of the plan.

Note: As a result of our Go Paperless initiative, you have the option to receive this notice, and other similar notices, electronically. To Go Paperless, log into Your Benefits Resources[™] (YBR) at **resources.hewitt.com/kcc**, and you'll be prompted to Go Paperless or call the Kimberly-Clark Benefits Center at 800-551-2333 between 9 a.m. and 5 p.m., ET, Monday-Friday.

For your information only. No action is required.

This Notice Is for Your Information Only—No Action Is Required

ANNUAL FUNDING NOTICE For Kimberly-Clark Corporation Pension Plan

Introduction

This notice includes important information about the funding status of your single-employer pension plan (the "Plan"). It also includes general information about the benefit payments guaranteed by the Pension Benefit Guaranty Corporation ("PBGC"), a federal insurance agency. All traditional pension plans (called "defined benefit pension plans") must provide this notice every year regardless of their funding status. This notice does not mean that the Plan is terminating. It is provided for informational purposes and you are not required to respond in any way. This notice is required by federal law. This notice is for the plan year beginning January 1, 2016 and ending December 31, 2016 ("Plan Year").

How Well Funded Is Your Plan

The law requires the administrator of the Plan to tell you how well the Plan is funded, using a measure called the "funding target attainment percentage." The Plan divides its Net Plan Assets by Plan Liabilities to get this percentage. In general, the higher the percentage, the better funded the plan. The Plan's Funding Target Attainment Percentage for the Plan Year and each of the two preceding plan years is shown in the chart below. The chart also shows you how the percentage was calculated.

Funding Target Attainment Percentage						
	2016	2015	2014			
1. Valuation Date	January 1, 2016	January 1, 2015	January 1, 2014			
2. Plan Assets a. Total Plan Assets	\$ 1,468,764,941	\$ 4,072,064,492	\$ 3,620,433,983			
b. Funding Standard Carryover Balance	\$ 76,845,550	\$ 76,876,301	\$ 84,180,806			
c. Prefunding Balance	\$ 347,471,271	\$ 347,610,315	\$ 314,693,387			
d. Net Plan Assets (a) – (b) – (c) = (d)	\$ 1,044,448,120	\$ 3,647,577,876	\$ 3,221,559,790			
3. Plan Liabilities	\$ 1,374,359,855	\$ 3,321,730,068	\$ 3,260,447,369			
4. Funding Target Attainment Percentage (2d)/(3)	75.9%	109.8%	98.8%			
5. Total Plan Assets / Plan Liabilities (2a)/(3)	106.8%	122.5%	111.0%			

The following is a temporary supplement to your annual funding notice which is required by the Moving Ahead for Progress in the 21st Century Act, the Highway and Transportation Funding Act of 2014, and the Bipartisan Budget Act of 2015. These federal laws changed how pension plans calculate their liabilities. The purpose of this supplement is to show you the effect of these changes. Prior to 2012, pension plans determined their liabilities using a two-year average of interest rates. Now pension plans also must take into account a 25-year average of interest rates. This means that interest rates likely will be higher and plan liabilities lower than they were under prior law. As a result, your employer may contribute less money to the plan at a time when market interest rates are at or near historical lows.

The "Information Table" compares the impact of using interest rates based on the 25-year average (the "adjusted interest rates") and interest rates based on a two-year average on the Plan's: (1) Funding Target Attainment Percentage, (2) Funding Shortfall, and (3) Minimum Required Contribution. The funding target attainment percentage is a measure of how well the plan is funded on a particular date. The funding shortfall is the amount by which liabilities exceed net plan assets. The minimum required contribution is the amount of money an employer is required by law to contribute to a plan in a given year. The following table shows this information determined with and without the adjusted interest rates. The information is provided for the Plan Year and for each of the two preceding plan years, if applicable.

Information Table								
	2016		2015		2014			
	With Adjusted Interest Rates	Without Adjusted Interest Rates	With Adjusted Interest Rates	Without Adjusted Interest Rates	With Adjusted Interest Rates	Without Adjusted Interest Rates		
Funding Target Attainment Percentage	75.9%	61.5%	109.8%	90.5%	98.8%	79.6%		
Funding Shortfall	\$329,911,735	\$651,713,330	\$0	\$381,511,281	\$38,887,579	\$823,582,536		
Minimum Required Contribution	\$11,900,000	\$112,485,463	\$0	\$4,966,560	\$17,014,228	\$146,775,236		

Plan Assets and Credit Balances

The chart above shows certain "credit balances" called the Funding Standard Carryover Balance and Prefunding Balance. A plan might have a credit balance, for example, if in a prior year an employer contributed money to the plan above the minimum level required by law. Generally, an employer may credit the excess money toward the minimum level of contributions required by law that it must make in future years. Plans must subtract these credit balances from Total Plan Assets to calculate their Funding Target Attainment Percentage.

Plan Liabilities

Plan Liabilities in line 3 of the chart above is an estimate of the amount of assets the Plan needs on the Valuation Date to pay for promised benefits under the Plan.

Year-End Assets and Liabilities

The asset values in the chart above are measured as of the first day of the Plan Year. They also are "actuarial values." Actuarial values differ from market values in that they do not fluctuate daily based on changes in the stock or other markets. Actuarial values smooth out those fluctuations and can allow for more predictable levels of future contributions. Despite the fluctuations, market values tend to show a clearer picture of a plan's funded status at a given point in time. As of December 31, 2016, the fair market value of the Plan's assets was \$1,480,330,387. On this same date, the Plan's liabilities, determined using market rates, were \$1,683,531,694.

Participant Information

The total number of participants and beneficiaries covered by the Plan on the Valuation Date was 14,869. Of this number, 4,405 were current employees, 4,663 were retired and receiving benefits, and 5,801 were retired or no longer working for the employer and have a right to future benefits.

Funding & Investment Policies

Every pension plan must have a procedure to establish a funding policy for plan objectives. A funding policy relates to how much money is needed to pay promised benefits. The funding policy of the Plan is to contribute at least the minimum amount required under ERISA.

Pension plans also have investment policies. These generally are written guidelines or general instructions for making investment management decisions. The investment policy of the Plan is:

- a general guide for achieving the financial objectives of the Plan;
- provides that the Plan's assets shall be invested in a manner consistent with ERISA; and
- driven by a preference to better match the liability profile of the Plan thereby controlling the asset-liability surplus volatility as the Plan becomes fully funded.

Under the investment policy, the Plan's assets were allocated among the following categories of investments, as of the end of the Plan Year. These allocations are percentages of total assets:

Ass	et Allocations	Percentage	
1.	Cash (interest bearing and non-interest bearing)	1%	
2.	U.S. Government securities	9%	
3.	Corporate debt instruments (other than employer securities):		
	Preferred	0%	
	All other	0%	
4.	Corporate stocks (other than employer securities):		
	Preferred	0%	
	Common	6%	
5.	Partnership/joint venture interests	0%	
6.	Real estate (other than employer real property)	0%	
7.	Loans (other than to participants)	0%	
8.	Participant loans	0%	
9.	Value of interest in common/collective trusts	84%	
10.	Value of interest in pooled separate accounts	0%	
11.	Value of interest in master trust investment accounts	0%	
12.	Value of interest in 103-12 investment entities	0%	
13.	Value of interest in registered investment companies (e.g., mutual funds)	0%	
14.	Value of funds held in insurance co. general account (unallocated contracts)	0%	
15.	Employer-related investments:		
	Employer Securities	0%	
	Employer real property	0%	
16.	Buildings and other property used in plan operation	0%	
17.	Other	0%	

For information about the Plan's investment in any of the following types of investments as described in the chart above – common/collective trusts, pooled separate accounts, master trust investment accounts, or 103-12 investment entities – contact Kimberly-Clark Corporation, Employee Benefit Department, P.O. Box 59051, Knoxville, TN 37950-9051.

Right to Request a Copy of the Annual Report

Pension plans must file annual reports with the US Department of Labor. The report is called the "Form 5500." These reports contain financial and other information. You may obtain an electronic copy of your Plan's annual report by going to www.efast.dol.gov and using the search tool. Annual reports also are available from the US Department of Labor, Employee Benefits Security Administration's Public Disclosure Room at 200 Constitution Avenue, NW, Room N-1513, Washington, DC 20210, or by calling 202.693.8673. Or you may obtain a copy of the Plan's annual report by making a written request to the plan administrator. The Plan's 5500 Report may also be obtained through Your Benefits Resources™ Web site at resources.hewitt.com/kcc. Annual reports do not contain personal information, such as the amount of your accrued benefits. You may contact your plan administrator if you want information about your accrued benefits. Your plan administrator is identified below under "Where To Get More Information."

Summary of Rules Governing Termination of Single-Employer Plans

If a plan terminates, there are specific termination rules that must be followed under federal law. A summary of these rules follows. There are two ways an employer can terminate its pension plan. First, the employer can end a plan in a "standard termination" but only after showing the PBGC that such plan has enough money to pay all benefits owed to participants. Under a standard termination, a plan must either purchase an annuity from an insurance company (which will provide you with periodic retirement benefits, such as monthly for life or for a set period of time when you retire) or, if the plan allows, issue one lump-sum payment that covers your entire benefit. Your plan administrator must give you advance notice that identifies the insurance company (or companies) selected to provide the annuity. The PBGC's guarantee ends upon the purchase of an annuity or payment of the lump-sum. If the plan purchases an annuity for you from an insurance company becomes unable to pay, the applicable state guaranty association guarantees the annuity to the extent authorized by that state's law. Second, if the plan is not fully-funded, the employer may apply for a distress termination. To do so, however, the employer must be in financial distress and prove to a bankruptcy court or to the PBGC that the employer cannot remain in business unless the plan is sterminated. If the application is granted, the PBGC will take over the plan as trustee and pay plan benefits, up to the legal limits, using plan assets and PBGC guarantee funds. Under certain circumstances, the PBGC may take action on its own to end a pension plan. Most terminations initiated by the PBGC occur when the PBGC determines that plan termination is needed to protect the interests of plan participants or of the PBGC insurance program. The PBGC can do so if, for example, a plan does not have enough money to pay benefits currently due.

Benefit Payments Guaranteed by the PBGC

When the PBGC takes over a plan, it pays pension benefits through its insurance program. Only benefits that you have earned a right to receive and that cannot be forfeited (called vested benefits) are guaranteed. Most participants and beneficiaries receive all of the pension benefits they would have received under their plan, but some people may lose certain benefits that are not guaranteed.

The amount of benefits that PBGC guarantees is determined as of the plan termination date. However, if a plan terminates during a plan sponsor's bankruptcy, then the amount guaranteed is determined as of the date the sponsor entered bankruptcy. The PBGC maximum benefit guarantee is set by law and is updated each calendar year. For a plan with a termination date or sponsor bankruptcy date, as applicable in 2017, the maximum guarantee is \$5,369 per month, or \$64,432 per year, for a benefit paid to a 65-year-old retiree with no survivor benefit. If a plan terminates during a plan sponsor's bankruptcy, the maximum guarantee is fixed as of the calendar year in which the sponsor entered bankruptcy. The maximum guarantee is lower for an individual who begins receiving benefits from PBGC before age 65 reflecting the fact that younger retirees are expected to receive more monthly pension checks over their lifetimes. Similarly, the maximum guarantee is higher for an individual who starts receiving benefits from PBGC after age 65. The maximum guarantee by age can be found on PBGC's website, www.pbgc.gov. The guaranteed amount is also reduced if a benefit will be provided to a survivor of the plan participant.

The PBGC guarantees "basic benefits" earned before a plan is terminated, which includes:

- Pension benefits at normal retirement age;
- Most early retirement benefits;
- Annuity benefits for survivors of plan participants; and
- Disability benefits for a disability that occurred before the date the plan terminated.

The PBGC does not guarantee certain types of benefits:

- The PBGC does not guarantee benefits for which you do not have a vested right when a plan terminates, usually because you have not worked enough years for the company.
- The PBGC does not guarantee benefits for which you have not met all age, service or other requirements at the time the plan terminates.
- Benefit increases and new benefits that have been in place for less than one year are not guaranteed. Those that have been in place for less than five years are only partly guaranteed.
- Early retirement payments that are greater than payments at normal retirement age may not be guaranteed. For example, a supplemental benefit that stops when you become eligible for Social Security may not be guaranteed.
- Benefits other than pension benefits, such as health insurance, life insurance, death benefits, vacation pay or severance pay are not guaranteed.
- The PBGC generally does not pay lump sums exceeding \$5,000.

In some circumstances, participants and beneficiaries still may receive some benefits that are not guaranteed. This depends on how much money the terminated plan has and how much the PBGC recovers from employers for plan underfunding.

For additional general information about the PBGC and the pension insurance program guarantees, go to the "General FAQs about PBGC" on PBGC's website at www.pbgc.gov/generalfaqs. Please contact your employer or plan administrator for specific information about your pension plan or pension benefit. PBGC does not have that information. See "Where to Get More Information About Your Plan," below.

Corporate and Actuarial Information on File with PBGC

A plan sponsor must provide the PBGC with financial information about itself and actuarial information about the plan under certain circumstances, such as when the funding target attainment percentage of the plan (or any other pension plan sponsored by a member of the sponsor's controlled group) falls below 80 percent (other triggers may also apply). The sponsor of the Plan, Kimberly-Clark Corporation, or a member of its controlled group, was subject to this requirement to provide corporate financial information and plan actuarial information to the PBGC. The PBGC uses this information for monitoring and other purposes.

Where to Get More Information

No action is required by you on this notice. For more information about this notice, you may contact Kimberly-Clark Corporation Employee Benefit Department at P.O. Box 59051, Knoxville, TN 37950-9051. For identification purposes, the official plan number is 001 and the plan sponsor's employer identification number or "EIN" is 39-0394230. For more information about the PBGC and benefit guarantees, go to PBGC's website, http://www.pbgc.gov, or call PBGC toll-free at 800-400-7242 (TTY/TDD users may call the Federal relay service toll free at 800-877-8339 and ask to be connected to 800-400-7242).

Pension Plan - if you have not commenced your pension benefit.

The Pension Protection Act requires that plan participants be able to determine their normal retirement benefit. If you're a participant in the defined benefit Pension Plan and would like to know what your estimated pension benefit is at your Normal Retirement Date (age 65), read on.

You can estimate the pension benefit amount that would be payable at your Normal Retirement Date by following these steps:

- · Log on to YBR at resources.hewitt.com/kcc Select My Wealth
- Under Pension, choose Project Retirement Income
- Under Last Day of Employment, choose Today (or any other eligible date)
- Under Date You Begin Receiving Benefits, choose Normal Commencement Date as your Key Date
- · You may enter information about your beneficiary to be used in the benefit projection
- Click the Project Pension Benefit button

If you have questions about your pension benefit, log on to resources.hewitt.com/kcc or call the Kimberly-Clark Benefits Center at 800-551-2333 between 9 a.m. and 5 p.m. ET, Monday—Friday.

Power of Attorney for K-C Benefits

Power of Attorney – what it is and why it matters

The information below is for your reference. There is no action required.

While no one likes to think about being debilitated by illness or accident, it is best to be prepared. A Power of Attorney (POA) document allows a person to designate another individual to speak or act on their behalf in legal and business matters. The designated individual, known as an agent, must make decisions in the best interest of the person they are representing – fulfilling their wishes regarding finances and/or health care decisions. If you are incapacitated and without a POA document, no one can take care of important matters for you – from paying your bills and accessing assets to approving medical intervention and necessary procedures.

Even if you currently have a POA document, it does not mean it can be applied to your K-C benefits. There are specific guidelines that must be met in order for your agent to be able to make decisions regarding your K-C benefits. To be approved, a POA must:

- Be properly signed and notarized;
- Be a "durable" POA, meaning it's specifically designed to remain in effect throughout your period of incapacity;
- Clearly identifies what your agent can do on your behalf, and which K-C plans he or she can act upon; and
- Meet the specific requirements of the state that you live in.

If you already have a POA document, submitting your POA as early as possible ensures your agent will have access to your K-C benefits when needed. Submit your POA directly to the POA review team by faxing it to **847-554-1269** or mailing to the following address:

Kimberly-Clark POA Review Team P.O. Box 1432 Lincolnshire, IL 60069-1432

Be sure to include the following information with your submission:

- Participant / Principal's Employer Name (i.e. Kimberly-Clark)
- Participant / Principal's Name (first and last) (i.e. John Smith)
- Participant / Principal's last four digits of SSN
- Agent Name
- Agent address

You will receive written notice of the results of your review within two weeks.

Effective July 1, 2017, the administrative services for the Kimberly-Clark Corporation Pension Plan will transition to Fidelity. You may submit POA documentation to the address above until June 23, 2017. For more information on the transition, contact the Benefits Center at 800-551-2333. Representatives are available 9 a.m. to 5 p.m., Eastern Time, Monday through Friday.

Starting July 1, 2017, contact the Benefits Information Line at 800-551-2333 to be connected with a Fidelity Service Center representative for instructions on how to submit a POA.
